U.S.A. vs.

Ramos, Ester

Docket No.

0980 4:19CR06070-SMJ-1

## **Petition for No Action on violation at this time**

COMES NOW Stephen Krous, PRETRIAL SERVICES OFFICER, presenting an official report upon the conduct of defendant Ester Ramos, who was placed under pretrial release supervision by the Honorable U.S. Magistrate Judge Mary K. Dimke sitting in the court at Yakima, Washington, on the 19th day of March 2020, under the following conditions:

**Standard Condition #9:** Defendant shall refrain from use or unlawful possession of a narcotic drug or other controlled substances defined in 21 U.S.C. § 802, unless prescribed by a licensed medical practitioner in conformance under Federal law. Defendant may not use or possess marijuana, regardless of whether Defendant has been authorized medical marijuana under state law.

RESPECTFULLY PRESENTING PETITION FOR ACTION OF COURT FOR CAUSE AS FOLLOWS:

**Violation No. 1:** Ester Ramos is alleged to have violated the conditions of her pretrial release supervision by using fentanyl on or about April 5, 2020.

On March 20, 2020, Ms. Ramos met with a probation officer who reviewed the release conditions and applied the electronic monitoring transmitter. The defendant verbally acknowledged she fully understood the conditions of pretrial release to include standard condition number 9 and she was provided with a copy.

On April 5, 2020, Ester Ramos entered Sundown M Ranch inpatient substance treatment facility.

On April 7, 2020, this officer spoke with Ms. Ramos' substance abuse treatment counselor and discussed the treatment plan. This officer asked about the admission urine test and the counselor advised the facility was limiting the collection of urine specimens due to the COVID-19; however, the counselor agreed to speak with the administration regarding this issue.

On April 8, 2020, this officer spoke with Ms. Ramos' substance abuse treatment counselor who indicated they will collect a urine sample the same day and send it to their laboratory for analysis. She also indicated they already had a treatment clinical staffing due to Ms. Ramos' attitude and behaviors.

A short time later, this officer again spoke with Ms. Ramos' substance abuse treatment counselor. The counselor placed me on speaker phone. Ms. Ramos disclosed, prior to entering inpatient treatment on April 5, 2020, she used a "small" amount of fentanyl. She relayed that prior to admitting herself to the inpatient treatment facility, she learned she was potentially facing a 10-year prison term if convicted. She expressed feeling overwhelmed and shocked over this information and she used the drug to cope with her feelings.
